Mastering Milestones: One Phases At A Time

We are excited to share this opportunity with you and our surrounding communities. At Phases Prep Academy/School House it is our belief that dynamic learning styles are unique to each individual. We believe that early childhood education is very crucial and should be molded accordingly. Early intervention should not only be provided to at-risk youth. Each child ready to learn should have the opportunity to do so. This early start in an educational setting, NOT A DAYCARE setting, plays a major part in our young leaders' development.

Due to the pandemic that occurred in 2020, we are aware of the many setbacks that are trending, it is time to tighten the gaps in education, social skills, and developmental delays. We believe each individual has the ability to increase his or her educational, physical, intellectual, and spiritual well-being through healthy relationships, education, and performing arts. It is evident that over the years when a child feels safe, they give a stellar performance, produce outstanding results, and feel good doing so. As a parent and educator, it's the BEST feeling to see their faces light up while tackling and accomplishing their goals!

Our programs focus on:

- Early Childhood Education
- Introduction to Performing and Language Arts
- Building confidence, mannerism, and positive affirmation
- Preparation for Kindergarten
- Social and life skills
- Family

This program is designed to promote and encourage educational and personal development to include but not limited to improving:

- Motor skills
- Cognitive skills
- Mannerism
- Confidence
- Socialization
- Coordination

Our different programs pride on our unique and effective way to grasp student's attention while increasing their learning ability. Therefore, each program has been designed to incorporate each of the three learning styles (visual, auditory, and kinesthetic) to ensure success. Our programs are designed to challenge each student mentally, physically, and emotionally. Music is used as a motivator and an energizer, dance movement is used for coordination, balance, fun, decreases obesity, and increases a healthier lifestyle. Theater improves public speaking, dialog, reading, and more. Think about it, everyone loves learning while they are having FUN!!!!

After School Out of Pocket

Summer Camp

Preschool

Frequently Asked Questions

Q. When do you close and am I still responsible to pay?

- A. We close for 3 full weeks out of the year and regular federal holidays
 - a. Spring Break (1st week of April)
 - b. End of summer before school starts (3rd week in August)
 - c. Christmas Break (4th/ last week of December)
- B. Yes, you are responsible to pay half week tuition these weeks

Q. How do you take payment?

- A. Cash and Automatic payments

Q. When can I start?

- A. We require all of our families to meet us and tour in person before enrolling. It is important to know where and who your child will be with for many hours of the day. We do not take being a part of the village lightly. Starting in the family day home has molded our outlook on how we care and will care for all of our children. Once you completed your tour, completed paperwork and payment, we would set you a start date and welcome you to the family.

Q. How do the students sleep?

- A. Infants sleep in a crib. Toddlers/preschool and school age sleep on cots

Q. Are you a daycare?

- A. NO, we are a preschool. Any student that comes into our care will immediately enter into a learning environment.

Q. What makes your school different from the other child care establishments?

- A. We are a performing arts preschool. All of our students are exposed to ART, DANCE, THEATER/ DRAMA and MUSIC. We offer cooking classes and teach American Sign Language and Spanish. We bridge the gap between family and childcare within the learning environment.

Q. What app or form of communication do you use?

A. We currently use Procare , written, verbal and in person methods of communication to effectively connect with our families.

Q. Which location would my child attend?

A. Our locations are separated by age:

- If your child is 3 months to 2 years old, they will attend our North Chesterfield location.
- If your child is 2 years old and up, they would attend our East End location
